[abstract: Times new roman, 11 pt, include figures & Tables here besides sentences if necessary, but MUST INCLUDE all in one page (A4 size).

## Phylogeny of *Salvia* (Lamiaceae) in Asia

Tomitaro Makino\*<sup>1</sup>, Jisaburo Ohwi<sup>2</sup>

1. Bot. Gard. University of Tokyo, 2. National Museum of Nature and Science, Tokyo

*Salvia s.l.* is by far the largest genus in the family Lamiaceae, more than twice as large as the second largest genus, *Scutellaria*. Although there are .....
